

Reatta XL Reatta

WHAT'S NEW MY24

1/29/23

- New Entegra Coach logo on all applications from digital dash screen to mud flap.
- A larger 15 inch digital dash screen makes for superb viewing, a leather steering wheel with a 3-pod steering wheel system greatly enhancing driver's interface with all the cockpits controls. Everything literally right at your fingertips.
- Hot and cold water hook-up in front cap area with 30 foot coiled hose for easy cleaning of the front windshield.
- A filtered water dispenser located by kitchen sink faucet to replace water dispenser in refrigerator door.
- Customer driven request of a grey tank flush is now standard, operating in conjunction with the black tank flush.
- Automatic headlights with photoelectric sensors have been added for driver convenience and safety. Supplier newest LED headlights have the brand name Essentials.
- LED low beam headlights produce a brighter, whiter light. These headlights have a Kelvin temperature of 6,000K, while the halogen headlights have a Kelvin temperature of 3,000K. What a dramatic difference when traveling at night, in a heavy rain storm or pulling out of camp before daybreak. Another safety feature from Entegra Coach.
- Rain-sensing windshield wipers detect moisture on the windshield and activate automatically. Now, no need for the driver to activate, deactivate or adjust wiper speed under normal driving conditions.
- The generator door now has guide pins, along with corner bumpers, for a secure, tight fitting closure.
- User-friendly lock, unlock system on the removable front entry door screen.
- Phenomenal exterior paint schemes remain the same as the 2023's but with all new exciting color selections Only the Blue Pearl paint scheme on the Reatta XL was carried over from the 2023's.
- Changed to user-friendly Cotek inverter from GOPower. Cotek is the manufacturer of the GOPower inverter, so we are now buying directly from OEM.
- Added strip lights under all slide-outs for a warm, light glow around entire Coach.
- Xite infotainment center now has Apple CarPlay, with Android Auto coming at a TBD date. What a delight to have the ability to map, play your favorite playlist and so much more!

WHAT'S NEW MY24

1/29/23

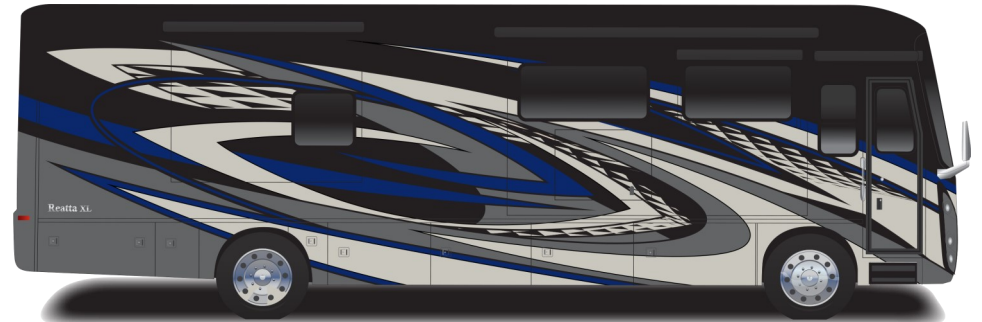

- We moved the HVAC knob controls closer to the driver in a horizontal position making it easier to adjust controls when driving.
- Added 2 inches of night shade material to the day shade in front cockpit, now a functional sun visor to help shade the eyes of driver and passenger from the glare of sunlight.
- Rear cap on the 2024's will have the Entegra Coach raised letter badge, which ties in the family branding of Aspire, Anthem and Cornerstone.
- Updated the décor pictures, decorative light and new colors on the 44 Oz., high pile carpet used in very limited areas.
- Reatta has new accent vinyl color on the decorative ceiling.
- Switched to Equalizer Smart-Level hydraulic system with one pump, which operates all legs, has Bluetooth capability and both audibly and visually notifies user when leveling is in progress and complete
- Powered rear bed clearance between the side slide-out window valance and mattress has been redesigned. The valance now has a wall hugging aluminum frame with a pleated shade, making the operation and functionality of the powered tilt bed much more user-friendly.
- Decorative backsplash tile now completes the high-end interior look for 2024.
- Stunning new Stonewall Matte grey cabinets available for the first time that works beautifully with the contemporary interior.
- In the 39BH and 39T2 floorplans, the bedroom TV was moved from a power lift to an overhead cabinet for better viewing and added storage.
- Added option for Starlink RV satellite internet system with download speeds depending on monthly plans of 50-500 MPS for \$110 - \$500 a month with unlimited data and no contract or cancellation fees.
